How to make a Layered Look Book Foldable®*
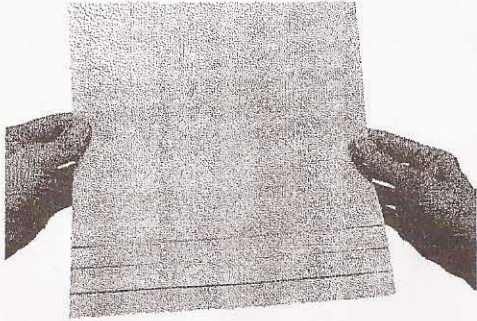

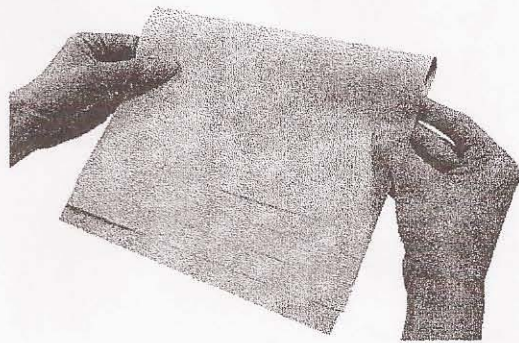

1. Stack four sheets of paper (8 ½" x 11") together, placing each consecutive sheet around ¾ of an inch higher than the sheet in front of it.

2. Bring the bottom of both sheets upwards and align the edges so that all of the layers or tabs are the same distance apart.

3. When all of the tabs are equal distance apart, fold the papers and crease well.

4. Open the papers and glue them together along the valley/center fold.
